*August 24, 2005*

Patent No. :6,840,801  
Inventor(s) :Funny Behl  
Issued :January 11, 2005  
Title :DOCKING APPARATUS FOR PC CARD DEVICES  
Doc./File No. :033129-001

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above identified patent.

Applicants' proposed request to change data as referenced in request for correction is not warranted since changes to specification and claims should be in terms of column and line numbers; not page lines of original specification. In addition, changes as proposed to claims have been determined confusing and possibly not in compliance with claims now in case.

In view of the foregoing, applicants request is hereby denied.

To further consider proposed changes to the specification and claims, applicant should submit a request for reconsideration which clearly identifies on the PTO-1050 form the point of reference as presented in the printed patent by use of column and line numbers. For more detailed instructions concerning formatting and procedures for requesting corrections under 37 CFR 1.322/1.323 see MPEP 1485.

Any telephone inquiry concerning this communication should be directed to Ms. A. Green at (703) 308-9380 ext. 123. Further correspondence concerning this matter should be directed to the certificate of correction Branch.
